Features

Despite its tiny size, the Eee Box grows on you quickly. It is easy to use, quiet, and fast to connect and upgrades easily. Besides saving space, it is also designed to save on power consumption. As a socially responsible organization that cares for the environment, we've also taken care to ensure that the Eee Box is made from only 'green' materials.

Simplicity

Save space easily

- Simply turn any LCD monitor into a computer by mounting the Eee Box onto standard screw holes located on all LCD monitors.
- Compact 1L design that frees up space on your desktop.
- Works quietly at 26dB.
- Enjoy computing with tranquility.

Connectivity

Speed up on the Digital Information Highway

- Wi-Fi 802.11n for 6x faster connection.
- Up to 8x better signal coverage.

Green

Eco-friendly design

- Average power consumption around 20W.
- Lowers power consumption by up to 90%.
- Cuts power cost by up to 6x.
- Carbon footprint significantly reduced.
- Made only with 'green' materials.

Price

Half the cost of a Standard Computer System

- Lower Cost of Ownership Up Front
- Free Productivity Software Built In

Eee Specifications
